

WOMEN IN NEUROSCIENCE UK

November 2022 Newsletter

Curated by our Newsletter Director, Giada Vanacore

WELCOME !

Dear all,

It is my great pleasure and honour to introduce you, as the newsletter director, to the first newsletter of Women in Neuroscience (WiN) UK. WiN UK is an amazing community of neuroscientists that want to combine their passion for science with the opportunity to improve equity; primarily of neuroscience careers, but also neuroscience research studies, and neurological diagnoses, treatment and care. We aim to do this through highlighting issues facing women, sharing advice and building connections.

So, a huge **THANK YOU** to you for supporting us on behalf of the whole team and our founder Lizzie English.

WiN UK Secretary and Newsletter Director

Giada

OUR LAUNCH EVENT

November brought a big celebratory moment to our community.

On the 23rd we hosted our long-awaited launch event where more than 80 people from over 15 countries joined us to celebrate Women in Neuroscience.

From the story behind WiN UK, narrated by our founder Lizzie English, to the inspiring talk given by Dr Emmanuelle Viré, and finishing with great networking opportunities, it was truly a night to remember for us all. Social media was firing that night and even the Director of Research of Alzheimer's Research UK tweeted about us!

Thank you to the 80+ attendees from 15+ countries who joined us. We hope you enjoyed the night as much as we did. No worries if you missed it as the whole event will be available on our Youtube channel soon...

Amy Sylvester @neuropsych_amy · 16m

Loved the launch event of @WomeninNeuro_UK tonight! I've been looking forward to seeing what the network would get up to since @e_a_english's talk at the BNA spring meeting. So lovely to meet other female early career researchers and hear about everyone's experiences!! 🍷👩🏻

Susan Kohlhaas @skohlhaas

Can we bottle this please. @e_a_english talking about how and why she established the Women in Neuroscience network.

Can't wait to see what you achieve with it!

WIN UK BLOG

This month's writer's prompts...

- Do psychedelics have therapeutic potential for obesity?
<https://www.nature.com/articles/s41574-022-00769-1>
- Deep brain stimulation
<https://www.nature.com/articles/d41591-022-00089-x>
- Not 'just' a neuroscientist
- How did you get here?
- Podcast: *Brain Science with Ginger Campbell*
- Book: *Models of the mind* by Grace Lindsay

Want to write a blog on one of these topics or something else?

Visit WiN UK Blog on our website or email blog.womeninneuroscience,uk@gmail.com

NEXT EVENT

With Christmas knocking at our doors, we want to celebrate with you. Scan the QR code to register for our next event on the 14th December 2022 via Zoom 7-8 pm GMT.

A great opportunity to meet young and senior neuroscientists and listen to our invited speaker.

We are looking forward to celebrating with you and spending a night full of science and fun!!
